

1. IDENTIFICATION OF THE SUBSTANCE AND SUPPLIER

Trade name	Tile Doctor Reduxa Stone Stain Remover
Description	Effective ready to use cleaner designed to remove acid stains from calcareous stones such as Marble, Limestone and Travertine.
Supplier	Tile Doctor® Dryades House, Sylvan Close, Oxted, Surrey, RH8 0DX United Kingdom
In case of emergency	☎ 0800 852 4 852, www.TileDoctor.co.uk

2. HAZARDS IDENTIFICATION

Potential Health Effects

Ingestion:	May cause some irritation to the mouth & upper digestive tract.
Eye:	Irritant
Skin:	Irritant
Inhalation:	May cause some irritation to respiratory tract

2. COMPOSITION / INFORMATION ON INGREDIENTS

Hazardous ingredients:

Ingredient name	% Range	Hazard
Hydrogen Peroxide	≤ 12%	Irritant

Hazard Symbols:, Xi
R11-36-66-67

4. FIRST AID MEASURES

Skin contact:	Wash with soap and water. Obtain medical advice if any irritation occurs or evidence of skin damage persists.
Eye contact:	Irrigate copiously with water for 10 minutes and seek medical advice if irritation persists
Inhalation:	Remove to fresh air immediately. Keep at rest. If breathing difficulties develop seek medical attention.
Ingestion:	Obtain medical advice immediately.

5. FIREFIGHTING MEASURES

Extinguishing media: Water or CO₂.

Exposure hazards: None

Protection of fire-fighters: None

6. ACCIDENTAL RELEASE MEASURES

Precautions: Do not burn.

Environmental precautions: None.

Methods for cleaning up: Wash down with plenty of water.

7. HANDLING AND STORAGE

Bulk Storage: Storage area should be cool, dry and well ventilated

Consumer Pack: Use only in accordance with pack instructions. Use non metallic utensils only. Avoid contact with paper, wood and other combustible materials. Always replace the cap securely after use and avoid contamination of the contents as this can lead to decompositions and the release of oxygen and heat.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Avoid contact with eyes, skin or face. Do not use on damaged or sensitive skin.

Protective Equipment: Always wear suitable protective gloves.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Colourless to pale yellow liquid
Solubility in water:	Unlimited
Flammability:	N/A
Flash Point:	N/A
*Explosion Limits – Lower	N/A
Upper	N/A
*Vapour Pressure at 20°C	N/A

10. Stability and Reactivity

Stability: Reactive with many other chemicals to form dangerous, often explosive materials. Can spontaneously combust if allowed to dry on paper, hair, wood etc.

11. Toxicological Information

Acute Toxicity	Eye:	Known irritant.
	Skin:	Known irritant.
	Ingestion:	Known irritant.
	Inhalation:	May cause irritation of the nose & Throat.

12. Ecological Information

Biodegradability: The product is readily biodegradable but should not be released into surface waters.

Ecotoxicity: Not known
*Bacteria – Not known.

13. Disposal Considerations

When disposing of waste or surplus material avoid contact with the eye and skin. Wear impervious gloves/overalls and chemical goggles.

Wash into the drains with plenty of water. Do not mix with other waste materials.

14. Transport Information

UN 2984 Hydrogen Peroxide, Aqueous Solution, 5.2, III

15. Regulatory Information

Not classified as dangerous

16. Other Information

Not classified as dangerous
